

Department of Mathematics
University of Georgia
MATH 4790/6790 – Spring 2023
(12:45–2:00 pm TR)

Instructor: Prof. Qing Zhang
Office: 449 Boyd Graduate Studies Research Center
Phone: 542-2616
E-Mail: qqzz0phone@gmail.com (for homework submission)
E-Mail: course.project@gmail.com (for project book keeping submission)
E-Mail: qz@uga.edu
Office Hours: 2:00-3:00pm Monday, and by appointment

Prerequisite: (MATH 2500 and MATH 3000) or MATH 3510

Course Objective: The objective of this course is to provide the student with basic knowledge of the subject. The following topics will be covered: Stock, stock derivatives, binomial tree models, geometric Brownian motion, Black-Scholes formula, and computational methods.

Text: A Course in Financial Calculus, A. Etheridge

Grading:

Mid-term Exam	30%
Final Exam	40%
Homework	15%
Project	15%

Midterm Exam: 12:45–2:00 pm, Thursday, March 2, 2023

Final Exam 12:00 – 3:00 pm, Tuesday, May 9, 2023

An extra project is required for 6790 students.

A student who incurs an excessive number of absences (four or more unexcused absences) may be withdrawn from the class at the discretion of the professor.

Electronics Use in Class: Use of electronics (laptops, cell phones, audio/video devices, other than traditional calculators) is strongly discouraged during class and is not permitted during exams.

As a University of Georgia student, you have agreed to abide by the University's academic honesty policy, "A Culture of Honesty," and the Student Honor Code. All academic work must meet the standards described in "A Culture of Honesty" found at: www.uga.edu/honesty. Lack of knowledge of the academic honesty policy is not a reasonable explanation for a violation. Questions related to course assignments and the academic honesty policy should be directed to the instructor.

This course syllabus provides a general plan for the course, derivations may be necessary.
